

Antigen testing for students - summer mode

Students who need antigenic tests for SARS-CoV-2 during the examination period and during the holidays for study reasons can use the sampling place at the Department of Public Health and Preventive Medicine (Lidická 4).

Registration for testing time will take place via the [registration form](#).

Reservations can be made up to a week in advance ... the next days to book will be gradually opened.

Every student has the opportunity to test once a week.
